Annex 1

Call for applications for the award of 1 grant for the performance of research activities at the University of Udine on the topic "Cultural heritage of war on the borderland" SSD: HIST-03A (principal investigator, Tommaso Piffer).

Research fellowship financed with the resources of the research project PRIN 2022 PNRR, Prot. n. P20225ZMFW, titled "Cultural heritage of war on the borderland. Politics of memory, economic development and local communities". Public call No. 1409 of 14/09/2022 – PRIN 2022 PNRR M4C2 Inv. 1.1. CUP G53D23007500001.

Art. 1

A selection proceeding is hereby announced for the award of 1 research grant at the University of Udine for the performance of the research activity identified in Annex A, which forms an integral and substantial part of this call. The research grant is linked to the research project on which it is based and is subject to the corresponding financial coverage.

Specifically, the project is placed within the context of the Italian National Recovery and Resilience Plan – Mission 4: Education and research, Component 2: From research to business, Investment 1.1: Fund for the National Research Programme and Research Projects of Significant National Interest, funded by the EU-Next GenerationEU. Project PRIN 2022 PNRR, Prot. n. P20225ZMFW, titled "Cultural heritage of war on the borderland. Politics of memory, economic development and local communities". CUP G53D23007500001.

The grant may be renewed with the winner in accordance with the provisions of Article 22 of Law no. 240 of 30 December 2010 (in the text prior to Leg. Decree no. 36 of 30 April 2022, converted with amendments by Law no. 79 of 29 June 2022) and the Regulations of the University of Udine for the awarding of research grants issued by Rector's Decree no. 182 of 31 March 2021, in the presence of a positive assessment by the scientific supervisor of the activity carried out by the research fellow, adequate scientific justification and related financial coverage, within the limits set out in Article 3, letters b) and c) below.

DECRETO RETTORALE

The activities covered by the research grant will respect the National Recovery and Resilience Plan's "Do No Significant Harm" principle, i.e., they should not cause significant harm to the environment.

This call guarantees respect for generational, gender and territorial equal opportunities.

The results of the research conducted within the framework of the research grant and the related data will be published in accordance with the "Open Science" and "FAIR data" principles.

The research grant does not entitle the successful candidate to any rights as regards access to University roles.

Any personal communication to candidates relating to this selection will be sent exclusively to the email address indicated in the application form.

Art. 2

The activities covered by the research grant referred to in this call for competition and the admission requirements are indicated and described in Annex A. Failure to meet the admission requirements at the time of applying shall result in the **exclusion** of the candidate from the selection process.

Possession of a PhD qualification or equivalent qualification obtained abroad or, for the sectors concerned only, of a medical specialisation qualification accompanied by an adequate scientific production, constitutes a preferential requirement for the awarding of the grant envisaged for this selection, if it has not been mentioned as an admission requirement.

The Selection Board shall assess, for the sole purpose of admission to the competition, the suitability of any qualification obtained abroad, without prejudice to the assessment of the medical specialisation qualification to which Article 38, paragraph 3.1 of Legislative Decree 165/2001, as amended, and the relevant Community regulations apply.

The Board assesses the qualification obtained abroad based on the relevant documentation enclosed with the application to take part in the selection and may exclude the candidate if the submitted documentation does not provide sufficient elements for the assessment.

Candidates are therefore invited to enclose all documentation in their possession relating to their qualifications in order to provide the Board with sufficient elements to assess their position.

Candidates are admitted to the selection process subject to a reservation and their exclusion, for failure to meet the requirements, may be ordered at any time by reasoned decision.

Art. 3

The research grant referred to in this call cannot be awarded to the following subjects:

- a) Employees of Universities and the entities referred to in Article 22(1) of Law no. 240 of 30 December 2010 (in the text prior to Leg. Decree no. 36 of 30 April 2022, converted with amendments by Law no. 79 of 29 June 2022).
- b) Recipients of previous research grants pursuant to Law no. 240 of 30 December 2010, for the maximum period allowed by the regulations, excluding the period in which the grant was received in conjunction with a PhD, up to the legal duration of the relevant course.

DECRETO RETTORALE

The grant referred to in this call is also incompatible with simultaneous attendance of degree courses, master's degrees, and PhDs with scholarships and medical specialisation, in Italy and abroad.

Persons who have been convicted of a criminal offence resulting in disqualification from holding public office or inability to contract with the public administration as a secondary penalty are not eligible for selection.

Art. 4

Applicants must submit, in the manner described in Article 5 below, the application to take part in the selection, duly signed in handwritten or digital form. An application without a signature will result in the **exclusion** of the candidate, except in the case of access through the use of the Public Digital Identity System (SPID) in which case the signature will not be necessary.

The application must be uploaded in its entirety (i.e., every page), **otherwise** the applicant will be **excluded** from the selection.

Applicants must enclose the following with their application for participation in the selection, **under penalty of exclusion**:

The Administration reserves the right to carry out appropriate checks on the truthfulness of the content of the declarations made; in the event of a false declaration, the provisions of Article 76 of Presidential Decree no. 445/2000 and Articles 483, 485, and 486 of the Italian Criminal Code shall apply. The University will not take into account any certificates attached by candidates who are Italian citizens or citizens of a state belonging to the European Union.

- **Citizens of a non-European Union State** must submit documents and qualifications in Italian or English or one of the additional languages, if any, indicated in Annex A, under penalty of exclusion from the selection or, as the case may be, non-assessment.
Documents and titles, originally in a different language, must be accompanied by a translation, made by the candidate under his or her responsibility, into Italian or English or any other language indicated in Appendix A. With reference to the dissertation only, the translation may be limited to an extended abstract.
- **Citizens of a non-EU State regularly residing in Italy** may use declarations in lieu of certification only in respect of states, personal qualities or facts that can be certified or attested to by Italian public bodies, without prejudice to the special provisions contained in the laws and regulations governing immigration and the status of foreigners.
- **Citizens of non-EU states authorised to reside in Italy** may use the aforementioned declarations in cases where they are produced pursuant to international conventions between Italy and the declarant's country of origin.

Applicants may also enclose with their application for assessment purposes their publications and any other qualification deemed useful to prove their qualification in relation to the research programme described in Annex A and to certify any research activity carried out in public and/or private entities (with the indication of the starting date and duration). The submission modalities are similar to those indicated in point 4 of the previous paragraph.

Only the qualifications possessed by the candidate on the date of submission of the application for selection and presented in accordance with Article 5 will be assessed.

Any exclusion from the selection procedure due to lack of eligibility requirements, absence of mandatory documents, failure to sign the application to take part in the selection or submission of the application in a manner other than that provided for in this call will be communicated to the parties concerned exclusively by email to the email address indicated in the application to take part in the selection.

Art. 5

DECRETO RETTORALE

Once completed, the application must be signed in the manner (handwritten signature, with attached identity document, or digital signature) described in the online procedure, under penalty of exclusion from the selection. The application does not have to be signed if the above-mentioned online procedure is accessed using the Sistema Pubblico di Identità Digitale (SPID - Digital ID Public System). In the case of a handwritten signature, the applicant must upload the application to the system in its entirety. The information entered in the application form shall constitute a declaration in lieu of certification and affidavit, pursuant to Articles 46 and 47 of Presidential Decree no. 445/2000.

The qualifications referred to in Article 4 must be attached to the application in .pdf format. Individual files, in .pdf format, may not exceed 30MB in size.

It is not permitted to submit attachments to the application in the form of links to files residing on "online storage/file sharing" services or web pages. Reference may not be made to documents or publications submitted to this or other administrations or documents attached to the application for participation in another selection procedure.

The application for participation in the selection is automatically sent to the University of Udine with the final closure of the online procedure.

The University Administration:

- accepts no liability if it is impossible to read the submitted documentation in electronic format due to damaged files;
- does not accept or take into consideration qualifications or documents received in paper form or by any other means than those specified in this article.

The Administration accepts no liability in the event of incorrect indication by the candidate of his/her email address or in the event of failure or delay in communicating a change in the email address indicated in the application, nor for any digital transmission errors attributable to third parties, unforeseeable circumstances or force majeure.

Applicants are advised not to wait until the last few days before the deadline to submit their application. The University accepts no liability for any malfunctions due to technical problems and/or overloading of the communication line and/or application systems.

Art. 6

The selection test takes place according to the modalities set out in Annex A.

The test will aim to ascertain the candidates' preparation, experience and research aptitude. It will consist of an assessment of the professional scientific curriculum, publications and titles submitted, and an interview, where applicable.

Failure of the candidate to attend the interview will be considered as withdrawal from the selection, whatever the cause.

DECRETO RETTORALE

Candidates who intend to avail themselves of the benefits provided for by Article 20 of Law no. 104 of 1992 (need for assistance, possible use of additional time for the performance of examination tests) in relation to their disability situation, must declare this and accompany the application with appropriate medical certification in order to allow the Administration to prepare in time the means and tools to guarantee the statutory benefits; failure to submit the medical certification exempts the Administration from any obligation in this regard.

Art. 7

The Competition Selection Board is identified in Annex A to this call, of which it forms an integral part. At its first meeting, the Board appoints the Chairperson and the Secretary taking the minutes, and establishes the criteria and procedures for assessing the qualifications and the interview, where applicable.

The results of the assessment must be made known to the parties concerned at the interview, where provided for.

The Board can attribute to the selection a total number of 100 points (one hundred hundredths). At the end of its work, the Board formulates the overall merit list based on the total marks obtained by each candidate and draws up the minutes of the competition operations.

The grant may be awarded, subject to the ranking list, to candidates who have obtained a minimum overall mark of 70/100 (seventy hundredths).

The Board's judgement is final on the merits.

The ranking list will be made public exclusively by publication on the University's official notice board; the outcome of the assessment will not be the subject of personal communication to candidates.

Those who do not declare their acceptance of the research grant and do not present themselves at the structure where the research activities are to be carried out to sign the contract by the deadline communicated by the same to the email address indicated by the candidate in the application shall forfeit their right to the research grant, except for health reasons or reasons of force majeure duly documented and promptly notified.

Candidates holding qualifications obtained abroad, if successful, must submit the following, if not already attached to the application:

The research fellow will also have to submit interim reports and time sheets if requested by the reference structure and/or the scientific supervisor.

The industrial property rights to the results obtained by the research fellow in the performance of the research activity belong exclusively to the University, without prejudice to the moral right of the research fellow to be recognised as an author or inventor.

The University reserves the right to revoke this call for competition for reasons of public interest, should the research project and/or the financial backing on which the research grant is based cease to exist. Should these causes arise after the contract has been signed, the University may terminate the contract without notice.

Testo in italiano:

Questo progetto indaga le pratiche di conservazione, consumo ed esposizione del patrimonio culturale materiale dei principali conflitti del XX secolo nella terra di confine tra Italia, Austria e Slovenia. Il progetto si articola in due componenti. 1) Una componente di ricerca, volta a collocare il caso di studio nel più ampio contesto degli studi internazionali sul patrimonio culturale bellico e nella mappatura del patrimonio culturale nelle terre di confine. 2) Una componente di valorizzazione, volta a proporre un modello per lo sviluppo di un turismo del patrimonio sostenibile nella regione oggetto di studio.

Il progetto si articola in tre azioni principali. L'obiettivo della prima azione è quello di produrre un'indagine sul patrimonio culturale collegato alla guerra e sulle best practices in Europa. La seconda azione è il cuore del progetto di ricerca e mira a mappare i siti della memoria nella regione di confine. Questa tappa è articolata in due momenti. Il primo è la mappatura stessa di tutti i siti della memoria, che saranno classificati in un database creato su misura in base al loro contesto storico, alla natura e alla funzione, all'accessibilità e alla rilevanza. La raccolta dei dati sarà condotta con una pluralità di fonti quali siti web, materiale promozionale, guide tematiche, interviste e un invito aperto pubblicato sul giornale locale. Il secondo momento è funzionale a comprendere le pratiche di conservazione, consumo ed esposizione di questi siti. La terza azione si basa sulle prime due per fornire ai soggetti interessati ai siti del patrimonio culturale della regione di confine strumenti per una gestione sostenibile e rispettosa dei luoghi della memoria. In questa azione mira anche a sviluppare un modello innovativo di turismo del patrimonio che affermi la regione come destinazione chiave per i turisti e gli studenti che desiderano esplorare la storia dei conflitti del XX secolo.

DECRETO RETTORALE

In una prima fase del progetto si è provveduto a svolgere la ricerca sul patrimonio culturale legato alla Prima guerra mondiale dal punto di vista delle politiche della memoria e delle politiche di valorizzazione turistica. L'assegnista dovrà svolgere un'analoga ricerca sul patrimonio della seconda guerra mondiale e della guerra fredda per poi proporre una lettura complessiva.

Text in English:

This project investigates the practices of preservation, consumption and exhibition of the material cultural heritage of the main conflicts of the twentieth century in the borderland between Italy, Austria and Slovenia. The project has two components. 1) A research component, aiming at situating the case study in the wider context of international cultural heritage of war studies and in mapping cultural heritage in the borderland. 2) An enhancement component, aiming at proposing a model for the development of sustainable heritage tourism in the region under investigation. The project is articulated in three main milestones.

The goal of the first milestone is to produce a survey of cultural heritage of war studies and best practices across Europe. The second milestone is the core of the research project and aims at mapping sites of memory in the borderland region. This milestone also has two actions. The first action is the mapping itself of all sites of memory, which will be classified in a tailored-made database according to their historical context, nature and function, accessibility and relevance. Data gathering will be conducted with a plurality of sources such as websites, promotional material, thematic guide books, interviews and an open call published in the local newspaper. The second action aims at understanding practices of preservation, consumption and exhibition of these sites. The third milestone builds on the first two to provide stakeholders of cultural heritage sites in the borderland region instruments for a sustainable and respectful management of sites of memory. In doing so, this milestone also aims at developing an innovative model of heritage tourism which establishes the region as a key destination for tourists and students wishing to explore the history of twentieth century conflicts.

In the initial phase of the project, research was conducted on the cultural heritage related to the First World War from the perspective of memory policies and tourism enhancement policies. The research fellow will have to carry out similar research on the heritage of the Second World War and the Cold War and then propose a comprehensive reading.
