

DECRETO RETTORALE

Decree of the Rector n. 707 of 24/07/2024

Competition for awarding 1 research grant at the University of Udine

DISCLAIMER:

The official and legally binding call for applications is in Italian only.

This document cannot be used for legal purposes and is only meant to provide information in English on the call for applications (Decree of the Rector n. 707 of 24/07/2024). Please refer to the official call published on: <https://www.uniud.it/it/albo-ufficiale>

Any change and integration will be made available on the above-mentioned web page. Therefore, no personal written communication regarding the examination date and/or competition results shall be provided to applicants.

Annex 1

Call for applications for the award of 1 grant for the performance of research activities at the University of Udine on the topic "The prehistory of Aquileia and its territory: multidisciplinary research and digital humanities" SSD: ARCH-01/A (principal investigator, Elisabetta Borgna).

Research fellowship financed with the resources of the research project PRIN 2022 PNRR, Prot. n. P2022AMS3A, titled "SHORES - Living on the shore: sustainability and connectivity of the Adriatic lagoon environments: research preservation and promotion of Pre-Protohistoric cultural landscapes". Public call No. 1409 of 14/09/2022 – PRIN 2022 PNRR M4C2 Inv. 1.1. CUP G53D23007510001.

Art. 1

A selection proceeding is hereby announced for the award of 1 research grant at the University of Udine for the performance of the research activity identified in Annex A, which forms an integral and substantial part of this call. The research grant is linked to the research project on which it is based and is subject to the corresponding financial coverage.

Specifically, the project is placed within the context of the Italian National Recovery and Resilience Plan – Mission 4: Education and research, Component 2: From research to business, Investment 1.1: Fund for the National Research Programme and Research Projects of Significant National Interest, funded by the EU-Next GenerationEU. Project PRIN 2022 PNRR, Prot. n. P2022AMS3A, titled "SHORES - Living on the shore: sustainability and connectivity of the Adriatic lagoon environments: research preservation and promotion of Pre-Protohistoric cultural landscapes". CUP G53D23007510001.

The grant may be renewed with the winner in accordance with the provisions of Article 22 of Law no. 240 of 30 December 2010 (in the text prior to Leg. Decree no. 36 of 30 April 2022, converted with amendments by Law no. 79 of 29 June 2022) and the Regulations of the University of Udine for the awarding of research grants issued by Rector's Decree no. 182 of 31 March 2021, in the presence of a positive assessment by the scientific supervisor of the activity carried out by the research fellow, adequate scientific justification and related financial coverage, within the limits set out in Article 3, letters b) and c) below.

DECRETO RETTORALE

The activities covered by the research grant will respect the National Recovery and Resilience Plan's "Do No Significant Harm" principle, i.e., they should not cause significant harm to the environment.

This call guarantees respect for generational, gender and territorial equal opportunities.

The results of the research conducted within the framework of the research grant and the related data will be published in accordance with the "Open Science" and "FAIR data" principles.

The research grant does not entitle the successful candidate to any rights as regards access to University roles.

Any personal communication to candidates relating to this selection will be sent exclusively to the email address indicated in the application form.

Art. 2

The activities covered by the research grant referred to in this call for competition and the admission requirements are indicated and described in Annex A. Failure to meet the admission requirements at the time of applying shall result in the **exclusion** of the candidate from the selection process.

Possession of a PhD qualification or equivalent qualification obtained abroad or, for the sectors concerned only, of a medical specialisation qualification accompanied by an adequate scientific production, constitutes a preferential requirement for the awarding of the grant envisaged for this selection, if it has not been mentioned as an admission requirement.

The Selection Board shall assess, for the sole purpose of admission to the competition, the suitability of any qualification obtained abroad, without prejudice to the assessment of the medical specialisation qualification to which Article 38, paragraph 3.1 of Legislative Decree 165/2001, as amended, and the relevant Community regulations apply.

The Board assesses the qualification obtained abroad based on the relevant documentation enclosed with the application to take part in the selection and may exclude the candidate if the submitted documentation does not provide sufficient elements for the assessment.

Candidates are therefore invited to enclose all documentation in their possession relating to their qualifications in order to provide the Board with sufficient elements to assess their position.

Candidates are admitted to the selection process subject to a reservation and their exclusion, for failure to meet the requirements, may be ordered at any time by reasoned decision.

Art. 3

The research grant referred to in this call cannot be awarded to the following subjects:

- a) Employees of Universities and the entities referred to in Article 22(1) of Law no. 240 of 30 December 2010 (in the text prior to Leg. Decree no. 36 of 30 April 2022, converted with amendments by Law no. 79 of 29 June 2022).

DECRETO RETTORALE

- b) Recipients of previous research grants pursuant to Law no. 240 of 30 December 2010, for the maximum period allowed by the regulations, excluding the period in which the grant was received in conjunction with a PhD, up to the legal duration of the relevant course.
- c) Those who have already been awarded research grants and fixed-term researcher contracts pursuant to Law no. 240 of 30 December 2010 for a total of 12 years, even if not consecutive.
- d) Those who have a degree of kinship or relationship, up to and including the fourth degree, with:
 - The Rector, the Director General or a member of the Board of Directors of the University of Udine.
 - The principal investigator or a professor/researcher belonging to the department or structure of interest where the research grant activity takes place.

The research grant referred to in this call cannot be cumulated with the following:

- a) Awarded scholarships of any kind, except those granted by national or foreign institutions useful for supplementing, by means of stays abroad, the fellow's training or research activities.
- b) Other research grants.
- c) Employment relationships, even if part-time, without prejudice to the provisions of the regulations for employees of public administrations.

The grant referred to in this call is also incompatible with simultaneous attendance of degree courses, master's degrees, and PhDs with scholarships and medical specialisation, in Italy and abroad.

Persons who have been convicted of a criminal offence resulting in disqualification from holding public office or inability to contract with the public administration as a secondary penalty are not eligible for selection.

Art. 4

Applicants must submit, in the manner described in Article 5 below, the application to take part in the selection, duly signed in handwritten or digital form. An application without a signature will result in the **exclusion** of the candidate, except in the case of access through the use of the Public Digital Identity System (SPID) in which case the signature will not be necessary.

The application must be uploaded in its entirety (i.e., every page), **otherwise** the applicant will be **excluded** from the selection.

Applicants must enclose the following with their application for participation in the selection, **under penalty of exclusion**:

1. The professional scientific *curriculum vitae* in Italian or English or one of the additional languages, if any, indicated in Annex A, highlighting the candidate's aptitude for carrying out and implementing the research programme.
2. Copy of valid identity document or other identification document. Citizens of non-EU countries must enclose a copy of their passport.
3. Limited to citizens of non-EU states residing or authorised to reside in Italy, a copy of their residence permit or authorisation to reside in Italy.
4. For candidates who cannot provide a self-certification under the conditions set out below, documentation proving possession of the academic qualification required for admission to the selection. Possession of a higher academic qualification does not exempt the candidate from producing such documentation, which, if missing, will result in exclusion:

DECRETO RETTORALE

- **Candidates who are Italian citizens or citizens of a European Union Member State** must submit a declaration in lieu of certification and, if necessary, a notarial deed regarding the academic qualification needed for admission (indicating the academic qualification, the academic institution awarding the qualification, the year it was awarded and the mark obtained) and the publications and other qualifications held, indicating for each one all the identification details necessary for the Board's assessment. **The application for participation counts as a declaration in lieu of certification of the declared academic qualification.** If the subject matter of the declaration is not clearly identified in terms of its nature, duration, time setting and institution concerned, the selection board will disregard it. The Administration reserves the right to carry out appropriate checks on the truthfulness of the content of the declarations made; in the event of a false declaration, the provisions of Article 76 of Presidential Decree no. 445/2000 and Articles 483, 485, and 486 of the Italian Criminal Code shall apply. The University will not take into account any certificates attached by candidates who are Italian citizens or citizens of a state belonging to the European Union.
- **Citizens of a non-European Union State** must submit documents and qualifications in Italian or English or one of the additional languages, if any, indicated in Annex A, under penalty of exclusion from the selection or, as the case may be, non-assessment.
Documents and titles, originally in a different language, must be accompanied by a translation, made by the candidate under his or her responsibility, into Italian or English or any other language indicated in Appendix A. With reference to the dissertation only, the translation may be limited to an extended abstract.
- **Citizens of a non-EU State regularly residing in Italy** may use declarations in lieu of certification only in respect of states, personal qualities or facts that can be certified or attested to by Italian public bodies, without prejudice to the special provisions contained in the laws and regulations governing immigration and the status of foreigners.
- **Citizens of non-EU states authorised to reside in Italy** may use the aforementioned declarations in cases where they are produced pursuant to international conventions between Italy and the declarant's country of origin.

Applicants may also enclose with their application for assessment purposes their publications and any other qualification deemed useful to prove their qualification in relation to the research programme described in Annex A and to certify any research activity carried out in public and/or private entities (with the indication of the starting date and duration). The submission modalities are similar to those indicated in point 4 of the previous paragraph.

Only the qualifications possessed by the candidate on the date of submission of the application for selection and presented in accordance with Article 5 will be assessed.

Any exclusion from the selection procedure due to lack of eligibility requirements, absence of mandatory documents, failure to sign the application to take part in the selection or submission of the application in a manner other than that provided for in this call will be communicated to the parties concerned exclusively by email to the email address indicated in the application to take part in the selection.

DECRETO RETTORALE

Art. 5

Registration for this selection will begin on August 9, 2024 at 2:00 pm (Italian time) and will end on August 29, 2024 at 2:00 pm (Italian time).

The application to take part in the selection must be completed, under penalty of exclusion, using the appropriate online procedure, available at <https://pica.cineca.it/>.

For those who do not already have a user account, the procedure involves a registration phase for the applicant, and a subsequent phase for completing the application online.

Once completed, the application must be signed in the manner (handwritten signature, with attached identity document, or digital signature) described in the online procedure, under penalty of exclusion from the selection. The application does not have to be signed if the above-mentioned online procedure is accessed using the Sistema Pubblico di Identità Digitale (SPID - Digital ID Public System). In the case of a handwritten signature, the applicant must upload the application to the system in its entirety. The information entered in the application form shall constitute a declaration in lieu of certification and affidavit, pursuant to Articles 46 and 47 of Presidential Decree no. 445/2000.

The qualifications referred to in Article 4 must be attached to the application in .pdf format. Individual files, in .pdf format, may not exceed 30MB in size.

It is not permitted to submit attachments to the application in the form of links to files residing on "online storage/file sharing" services or web pages. Reference may not be made to documents or publications submitted to this or other administrations or documents attached to the application for participation in another selection procedure.

The application for participation in the selection is automatically sent to the University of Udine with the final closure of the online procedure.

The University Administration:

- accepts no liability if it is impossible to read the submitted documentation in electronic format due to damaged files;
- does not accept or take into consideration qualifications or documents received in paper form or by any other means than those specified in this article.

The Administration accepts no liability in the event of incorrect indication by the candidate of his/her email address or in the event of failure or delay in communicating a change in the email address indicated in the application, nor for any digital transmission errors attributable to third parties, unforeseeable circumstances or force majeure.

Applicants are advised not to wait until the last few days before the deadline to submit their application. The University accepts no liability for any malfunctions due to technical problems and/or overloading of the communication line and/or application systems.

DECRETO RETTORALE

Art. 6

The selection test takes place according to the modalities set out in Annex A.

The test will aim to ascertain the candidates' preparation, experience and research aptitude. It will consist of an assessment of the professional scientific curriculum, publications and titles submitted, and an interview, where applicable.

Failure of the candidate to attend the interview will be considered as withdrawal from the selection, whatever the cause.

Candidates who intend to avail themselves of the benefits provided for by Article 20 of Law no. 104 of 1992 (need for assistance, possible use of additional time for the performance of examination tests) in relation to their disability situation, must declare this and accompany the application with appropriate medical certification in order to allow the Administration to prepare in time the means and tools to guarantee the statutory benefits; failure to submit the medical certification exempts the Administration from any obligation in this regard.

Art. 7

The Competition Selection Board is identified in Annex A to this call, of which it forms an integral part. At its first meeting, the Board appoints the Chairperson and the Secretary taking the minutes, and establishes the criteria and procedures for assessing the qualifications and the interview, where applicable.

The results of the assessment must be made known to the parties concerned at the interview, where provided for.

The Board can attribute to the selection a total number of 100 points (one hundred hundredths). At the end of its work, the Board formulates the overall merit list based on the total marks obtained by each candidate and draws up the minutes of the competition operations.

The grant may be awarded, subject to the ranking list, to candidates who have obtained a minimum overall mark of 70/100 (seventy hundredths).

The Board's judgement is final on the merits.

The ranking list will be made public exclusively by publication on the University's official notice board; the outcome of the assessment will not be the subject of personal communication to candidates.

Those who do not declare their acceptance of the research grant and do not present themselves at the structure where the research activities are to be carried out to sign the contract by the deadline communicated by the same to the email address indicated by the candidate in the application shall forfeit their right to the research grant, except for health reasons or reasons of force majeure duly documented and promptly notified.

DECRETO RETTORALE

Candidates holding qualifications obtained abroad, if successful, must submit the following, if not already attached to the application:

- **For degrees issued by a country that is a party to the Lisbon Convention (<https://www.enic-naric.net/>), the following documentation:**
 - *Supplement* Diploma or similar certificate in English issued by the competent University.
 - "Certificate of Verification of Foreign Qualification - CIMEA" issued by CIMEA (Centre for Information on Academic Mobility and Equivalences) via the "*diplome*" service at <https://cimea.diplome.eu/udine/#/auth/login>
- **For degrees issued by a country not party to the Lisbon Convention (<https://www.enic-naric.net/>), one of the following options:**
 - Declaration of the on-site value of the qualification held and the certificate relating to the qualification with examinations and grades. The certificate in a language other than Italian or English must be accompanied by an official translation into one of those languages (certified by the competent diplomatic-consular authority or sworn at a court in Italy).
 - "Certificate of Comparability and Verification of Foreign Qualifications - CIMEA" issued by CIMEA (Centre for Information on Academic Mobility and Equivalences) via the "*diplome*" service at <https://cimea.diplome.eu/udine/#/auth/login>

If the aforementioned documentation is not available at the time of the conclusion of the contract, the candidate must prove that he or she has requested it and submit it as soon as possible; if it is not submitted within six months of the start of the contract, the candidate will forfeit the contract and will be required to repay any related sums received to date.

Art. 8

The research activity cannot be started before the contract defining the terms of the collaboration is signed.

The activity covered by the research grant must have the following characteristics:

- a) Be carried out in the context of the research programme covered by the grant and not be a purely technical support to the same.
- b) Close connection with the implementation of the research programme that is the subject of the relationship with the winner.
- c) Having a continuous and in any case temporally defined character, not merely occasional, and in coordination with the overall activity of the University.
- d) Performance in a condition of autonomy, within the sole limits of the programme prepared by the Head of the same, without predetermined working hours.

The research fellow is obliged to submit a detailed written report on the work carried out and the results achieved, together with the opinion of the scientific supervisor, to the reference structure within the deadlines laid down in the contract. The research fellow will also have to submit interim reports and time sheets if requested by the reference structure and/or the scientific supervisor.

The research fellow is bound to strict confidentiality regarding the data and information to which he/she becomes privy in the course of his/her research activity. At the request of the scientific coordinator, he/she will be required to sign an appropriate confidentiality agreement.

DECRETO RETTORALE

The industrial property rights to the results obtained by the research fellow in the performance of the research activity belong exclusively to the University, without prejudice to the moral right of the research fellow to be recognised as an author or inventor.

The University reserves the right to revoke this call for competition for reasons of public interest, should the research project and/or the financial backing on which the research grant is based cease to exist. Should these causes arise after the contract has been signed, the University may terminate the contract without notice.

Art. 9

The following apply to the grant under this call:

- On tax matters, the provisions of Article 4 of Law no. 476 of 13 August 1984, as amended.
- On social security matters, the provisions of Article 2(26) et seq. of Law no. 335 of 8 August 1995, as amended.
- On compulsory maternity leave, the provisions of the Ministerial Decree of 12 July 2007.
- On sick leave, the provisions of Article 1(788) of Law No 296 of 27 December 2006, as amended.

During the period of compulsory maternity leave, the allowance paid by INPS pursuant to Article 5 of the Ministerial Decree of 12 July 2007 is supplemented by the University up to the full amount of the research grant.

The grant will be paid in monthly instalments in arrears.

Art. 10

The data collected as part of the procedure referred to in Article 5 is necessary for the proper management of the selection procedure, for the possible subsequent management of the research grant and purposes related to the management of the services provided by the University. The University of Udine is the Data Controller. At any time, the data subject may request access, rectification and, compatibly with the institutional purposes of the University, cancellation and restriction of processing or may object to the processing of his/her data. He/she can always lodge a complaint with the Italian Data Protection Authority. The full information is available on the University of Udine website in the "Privacy" section accessible from the home page www.uniud.it Direct Link: <https://www.uniud.it/it/pagine-speciali/guida/privacy>

Art. 11

For any matters not expressly mentioned in this call, reference is made to the relevant regulations in force cited in the introduction and to the "Internal regulations for the award of research grants pursuant to Law no. 240 of 30 December 2010" of the University of Udine issued by Rector's Decree no. 182 of 31 March 2021.

Art. 12

The official in charge of the proceeding is Dr. Sandra Salvador, Head of the Research Services Area of the University of Udine.

The reference office at the University of Udine is the "Area Servizi per la Ricerca - Ufficio Formazione per la Ricerca", Via Mantica 31 - 33100 Udine.

To request information on the call, please complete the following form available on the University of Udine website: https://helpdesk.uniud.it/SubmitSR.jsp?type=req&accountId=universityofudine&populateSR_id=42105

Testo in italiano:

Il progetto "SHORES - Living on the shore: sustainability and connectivity of the Adriatic lagoon environments: research preservation and promotion of Pre-Protohistoric cultural landscapes" finanziato con fondi PRIN PNRR 2022 riguarda la ricerca, la valorizzazione e la divulgazione scientifica dei paesaggi culturali e archeologici protostorici nelle aree umide costiere dell'Adriatico settentrionale con speciale attenzione alla lettura del potenziale proprio degli ambienti umidi lagunari per la vita dell'uomo e per lo sviluppo di connettività marittima e terrestre. Per quanto di pertinenza dell'unità udinese, il lavoro si concentrerà sulla pianura costiera del Friuli orientale e in particolare sul territorio di Aquileia con al centro l'insediamento protostorico di Ca' Baredi/Canale Anfora, oggetto di scavi sistematici da parte dell'Università di Udine. Tra gli obiettivi del progetto è lo studio del contesto archeologico dal punto di vista dell'interazione uomo-ambiente e delle caratteristiche delle risorse, delle pratiche dell'economia di sussistenza e di quelle alimentari e domestiche, comprendenti l'organizzazione sociale del lavoro comunitario, pratiche che resero sostenibile e vantaggiosa la vita in ambiente umido lagunare nella protostoria.

Gli obiettivi precisi del programma per il quale è richiesto un assegno di ricerca comprendono l'approfondimento e il perfezionamento delle conoscenze di sintesi a livello di paesaggi costieri e distribuzione antropica; l'ampliamento delle conoscenze sulla vita quotidiana nell'età del bronzo nel sito preso a campione; la disseminazione delle conoscenze ad ampio spettro e a più livelli di fruizione.

Le attività previste nell'ambito dell'assegno consisteranno pertanto:

- nell'implementazione del database progettato per i dati provenienti dalla ricognizione delle presenze antropiche della bassa pianura friulana e veneta orientale nell'età del bronzo e del ferro;
- nello studio e nella sistematizzazione ai fini di edizione scientifica di materiali archeologici, in particolare della ceramica vascolare dell'età del bronzo medio e recente proveniente dal sito di Ca' Baredi Canale Anfora

DECRETO RETTORALE

attraverso un approccio multifocale e interdisciplinare. I materiali conservati presso il laboratorio di Preistoria e Protostoria dell'Università di Udine saranno integrati da quelli provenienti dalla campagna di scavo programmata per l'estate 2024. Alle azioni di inventariazione e archiviazione seguirà uno studio condotto con i metodi tradizionali dell'analisi tipologica-comparativa per l'inquadramento cronologico- culturale; ad essa saranno associate l'analisi funzionale autottica abbinata a procedura archeometrica, ossia analisi geochimiche (Organic residue analysis) per la determinazione dei contenuti (in collaborazione con laboratorio scientifico e figura professionale) e l'analisi tecnologica, che si concentrerà sugli aspetti delle tecniche di formatura per l'identificazione di modi e tradizioni produttive nelle varie tappe della catena operativa del sistema ceramico antico;

- nella raccolta, nell'integrazione e nell'archiviazione digitale della documentazione di scavo e di quella riguardante i risultati delle analisi scientifiche integrate comprese nel progetto più ampio; inoltre nell'elaborazione dei dati della cultura materiale in ambiente GIS ai fini dell'analisi spaziale;
- nell'ideazione di una narrazione digitale del contesto con i metodi dello story-telling e dello story-mapping.

Text in English:

Expanding the archaeological research and promoting both the preservation of cultural landscapes and dissemination of their knowledge, the SHORES project will explore the potentials of wet subcoastal environments for human occupation in late prehistory. The wide time frame considered (2300-800 BC) is intended to lay the groundwork for an integrated and diachronic perspective on sustainability of these environments in the long term. The focus will be on the Adriatic lagoons, in those regions that played a strategic role in attracting human occupation and favouring the European-Mediterranean connectivity and the making of both trans- and circum-Adriatic long-term cultural relationships. The unit from Udine will be committed to the investigation of the coastal plain of eastern Friuli and in particular of the territory of Aquileia, with special attention to the protohistoric settlement of Ca' Baredi/Canale Anfora, where systematic excavations have been conducted by the University of Udine. The project aims at the exploration of the archaeological context towards the reconstruction of human- environment interaction including main research topics such as the exploitation of resources, the subsistence economy, and food and domestic practices involving communal activities and work, namely those practices that made life sustainable and beneficial in the wet lagoon environment in protohistoric times.

The primary objectives of the program for which a research grant is sought include the achievement of a comprehensive knowledge in the field of coastal landscapes and the distribution of human occupation; the reconstruction of daily life in the Bronze Age site investigated and the broad dissemination of the knowledge gained.

The activities planned under the "assegno" will therefore consist in:

- the implementation of the database with the data coming from research and survey of sites in the lower Friulian and eastern Veneto plain over the Bronze and Iron Ages;
- the study and systematization of data through a multifocal and interdisciplinary approach aimed at the scientific publication of the archaeological materials, in particular Middle and Recent Bronze Age pottery from the Ca' Baredi/Canale Anfora site. The materials stored in the Laboratory of Prehistory and Protohistory of the University of Udine will be supplemented by those from the excavation campaign planned for Summer 2024. Inventorying and archiving will be followed by a study based on the traditional approach of typological-comparative analysis for chrono-cultural framing. Further autoptic functional analysis will be combined with archaeometric procedures, i.e., geochemical analyses (Organic residue analysis) for the investigation of micro-remains preserved (in collaboration with scientific laboratories and professional figures), and technological analyses, which will focus on forming techniques for the identification of modes and traditions of production across the different stages of the *chaîne opératoire* in the context of the ancient system of ceramic manufacture;
- the collection, integration, and digitalization of excavation data and further data coming from the results of

DECRETO RETTORALE

integrated scientific analyses envisaged in the wider project; also, the processing of material culture data in a GIS environment for the purpose of spatial analysis;

- the design of a digital narrative of the context using story-telling and story-mapping techniques.
