Decree of the Rector n. 928 of 27/09/2023

Competition for awarding 1 research grant at the University of Udine

**DISCLAIMER:**
The official and legally binding call for applications is in Italian only. This document cannot be used for legal purposes and is only meant to provide information in English on the call for applications (Decree of the Rector n. 928 of 27/09/2023). Please refer to the official call published on: https://www.uniud.it/it/albo-ufficiale

Any change and integration will be made available on the above mentioned web page. Therefore, no personal written communication regarding the examination date and/or competition results shall be provided to applicants.

**Annex 1**

Competition announcement for the assignment of 1 research grant at the University of Udine, entitled “The workings of early printing: paper, press, and copies” SSD: M-STO/08 (principal investigator, Neil Anthony Harris)

Research grant funded by the resources of the project PRIN 2022 - Prot. n. 2022T9SCN8

**Art. 1**

A selection procedure is hereby launched for the award of 1 research grant at the University of Udine, as identified in Attachment A which constitutes an integral part of the present announcement. The research grant is linked to the research project and is subject and conditioned upon the relative funding. The fellowship may be renewed, in compliance with Art. 22, Law No. 240 of 30 December 2010 (as in the text in force before the implementation of the Conversion Law of the D.L. 36/2022, L. 79/2022), Law No. 11 of 27 February 2015, and the current regulations of the University of Udine for awarding research grants, issued with the Rector’s Decree No. 182 of 31 March 2021. The renewal is subject to the scientific coordinator’s positive assessment of the researcher’s activities, an adequate scientific rationale, and a corresponding financial covering.

The research fellowship does not give rise to any right with regards to accessing University posts.

Any personal communication to candidates related to this selection will be sent exclusively to the email address indicated when registering for the selection, as mentioned in Art. 5.

**Art. 2**

The research grant described in this competition announcement and the required qualifications to apply for the position are identified in Attachment A. The lack of the admission requirements leads to the automatic exclusion from the competition procedure.

Possession of a PhD or equivalent degree obtained abroad or, only for the interested areas, of a medical specialization accompanied by an adequate scientific production, constitutes a preferential qualification for awarding the research fellowship of this selection, if it has not been provided as a mandatory requirement.
For the only purpose of the admission to the competition, the Examining Board (Art. 7) shall assess the equivalence of the qualification obtained abroad, except for the evaluation of the medical specialization qualification to which Article 38 of the Legislative Decree 165/2001 and subsequent modifications and additions, and EU regulations on the matter, shall be applied.

The Examining Board will proceed to the evaluation of the qualification obtained abroad according to the documentation attached to the application form. The Examining Board may exclude the candidate if the submitted documentation does not provide sufficient information for the assessment. Therefore, applicants must enclose all the documentation in their possession relating to their qualification in order to provide the Examining Board with sufficient information for assessment.

Candidates holding a qualification issued by a European Research Area country, if successful, must submit, if not already attached to the application form one of the following options:
- Supplement Diploma in English issued by the competent University.
- CIMEA Certificate of comparability of the foreign qualification, issued by CIMEA (Information Centre on Academic Mobility and Equivalence) via the "diplôme" service at https://cimea.diplome.eu/udine/#/auth/login

Candidates holding a qualification issued by a non-European Research Area country, if successful, must submit, if not already attached to the application form one of the following options:
- Declaration of the on-site value of the qualification and the certificate relating to the degree with examinations and grades. A certificate in a language other than Italian or English must be accompanied by an official translation into one of these languages (certified by the competent diplomatic-consular authority or certified by a court in Italy).
- CIMEA Certificate of comparability of the foreign qualification, issued by CIMEA (Information Centre on Academic Mobility and Equivalence) via the "diplôme" service at https://cimea.diplome.eu/udine/#/auth/login

If the Supplement Diploma or the statement/attestation of comparability are not available when signing the contract, the applicant must demonstrate that he/she has requested the documentation and submit it as soon as possible.

Any exclusion from the selection procedure due to lack of eligibility requirements, absence of required documents, failure to sign the selection application or submission of the selection application in a manner different from what is provided for in this call for applications will be communicated to applicants exclusively at the email address indicated in the application form.

Art. 3
The research grant referred to in this call for applications cannot be awarded:

a. to employees of Universities and the entities referred to in Article 22, section 1, of Italian Law no. 240 of 30 December 2010 (in the text prior to the reform introduced by Law no. 79 of 29 June 2022);
b. to those who have already been awarded research grants pursuant to Italian Law no. 240 of 30 December 2010 (prior to the reform introduced by Law no. 79 of 29 June 2022) for the maximum period provided by law, even if not continuously, excluding the period in which the grant was used in conjunction with the doctorate, up to the legal term of the relative course;
c. to those who have already benefited from research grants and fixed-term researcher contracts provided for, respectively, in Articles 22 and 24 of Italian Law no. 240 of 30 December 2010 (in the text prior to the reform introduced by Law no. 79 of 29 June 2022), for a total of 12 years, even if not consecutive;
d. to anyone who has a degree of kinship or affinity, up to and including the fourth degree, with:
   - the Rector, the Director General or a member of the Board of Directors of the University of Udine;
   - the scientific supervisor or a professor/researcher belonging to the department or organisation hosting the research grant in question.

The research grant provided for in this call for applications cannot be combined:

a) with scholarships of any kind, except for those granted by Italian or foreign institutions to supplement, by means of stays abroad, the fellow's training or research activities;

b) with other research grants;

c) with an employment relationship, even if part-time, without prejudice to the relevant provisions for employees of public administrations.

The grant awarded under this call for applications is also incompatible with simultaneous attendance at university degree courses, either Bachelor's degree or Master's degree courses, research Doctorates with scholarships and medical specializations, in Italy or abroad.

Art. 4

Applicants must enclose with their application, under penalty of exclusion, the following documents:

a) their professional scientific CV, highlighting the candidate's aptitude for carrying out and implementing the research project (Attachment A);

b) their identity card, their passport or any other identification document¹;

c) (for candidates with a foreign qualification only) certification or self-certification of both the academic qualification required for the admission to the selection, and of the exams (with evaluation) took during the period of study abroad, and of any other document that can be useful to the evaluation of the degree by the Examining Board.

Applicants can attach to the application, publications and any other certification considered useful to demonstrate the qualification based on the research program (Attachment A) and to certify any research activity accomplished at public or private institutes (indicating the starting and ending date and the duration).

The documents and qualifications mentioned above must be submitted in Italian or English. Those that are not as requested will not be evaluated. Documents originally written in a language other than Italian or English must come with a translation in Italian or English, that the candidate will do on its own responsibility. The translation can be an abstract concerning the thesis.

Italian and Community candidates wishing to submit qualifications referring to conditions and facts attested by Public Administrations must proceed exclusively with self-certification.

Non-EU citizens legally residing in Italy may self-certify only data that can be verified or certified by Italian public bodies. They may also use declarations in lieu when provided for by an international convention between Italy and the declarant's country of origin.

Non-EU citizens not residing in Italy cannot self-certify.

Only the qualifications possessed by the candidate on the date the application form is submitted and submitted in accordance with the procedures set out in Article 5 will be assessed.

¹ Please be aware that the residence permit is not an identification document.
Failure to submit mandatory documents provided for in this article will constitute grounds for exclusion from the selection.

Art. 5

The submission of the applications for the present call starts on October 5, 2023 at 2:00 pm (Italian time) and ends on November 2, 2023 at 2:00 pm (Italian time).

The application to take part in the selection must be completed, under penalty of exclusion, using the appropriate online procedure, available at the link https://pica.cineca.it/

The procedure involves an applicant registration step, for those who do not already have an account, and then an application completion step.

Once completed, the online application must be signed in the manner described in the online procedure (manual signature with attached identity document or digital signature), under penalty of exclusion from selection. The application does not have to be signed if you access the above-mentioned online procedure using your SPID ID.

The qualifications referred to in Article 4 must be attached to the application in .pdf format. Individual .pdf files may not exceed 30MB.

The application for participation in the selection is automatically sent to the University of Udine with the definitive closing of the online procedure.

The University Administration:
- is not responsible if it is impossible to read the submitted documentation in electronic format due to damaged files;
- shall not accept or take into consideration qualifications or documents received in paper form or by any means other than what is specified in this article.

Reference to documents or publications already submitted in connection with other competitions is not allowed.

The Administration is not responsible for any missing document or communication because of inaccurate indication of residence and/or address submitted by the candidate during the application. Also, the Administration is not responsible if the candidate has not communicated changes in this information, or has communicated them too late. The Administration is also not responsible for any postal or telegraphic problems not attributable to the Administration itself.

Applicants are advised not to wait until the last few days before the closing date to submit their application. The University accepts no responsibility for any malfunctions due to technical problems and/or overloading of the communication line and/or application systems.

Art. 6

The selection procedure is held in accordance with the modality indicated in Attachment A.

The test will aim to assess the general preparation, experience and aptitude for research of the candidate. It will consist in the evaluation of the professional scientific curriculum, of the publications and qualifications presented, and of the interview, where foreseen.
Art. 7
The Examining board for the competition is identified in Attachment A of the present competition announcement, of which it is an integral part.

At its first meeting, the Examining board shall appoint its President and Secretary, and establish the criteria and methods for evaluating the qualifications and the interview, where foreseen.

The results of the qualifications assessment must be disclosed to applicants during the interview, where foreseen.

The Examining board can award a maximum of 100 points (one hundred out of one hundred) to the selection.

At the end of the evaluation procedure, the Examining board shall formulate the general merit list based on the overall score of each candidate, and draw up the minutes of the whole competition procedure.

Based on the ranking list, the assignment is awarded to candidates who have obtained a minimum overall score of 70/100 (seventy out of one hundred).

The Examining board's judgement is final.

The ranking list will be made public exclusively through publication on the University's official website.

Applicants will not be notified of the outcome of the evaluation.

Those who do not declare their acceptance of the research grant and do not present themselves at the research centre within the deadline communicated by the latter, even if not formally, shall lose the right to receive it. Exceptions to this term will only be granted in cases of documented force majeure.

Art. 8
The research activity cannot be started before signing the contract defining the terms and conditions of the collaboration.

The activity covered by the research grant must have the following characteristics:

a) it must be carried out as part of the research programme covered by the grant and not be a merely technical support to it;

b) it must have a close connection with the realization of the research program for which the winner of the grant has been awarded the contract;

c) it must be continuous and, in any case, temporally defined, not merely occasional, and in coordination with the overall activity of the University;

d) it must be carried out autonomously, solely within the limits of the programme prepared by the programme supervisor, without predetermined working hours.

The researcher is required to submit a detailed written report on the work carried out and the results achieved, accompanied by the opinion of the scientific supervisor, to the reference organisation at the intervals set out in the contract. The researcher must also submit interim reports and timesheets, if requested by the reference organisation.
Either the fellow or the reference organisation may withdraw from the contract.

The reference organisation may terminate the contract not only in the cases referred to in Article 9, sections 2 and 3, of the "Internal rules for awarding research grants pursuant to law 240 of 30 December 2010" of the University of Udine, but also in the event the research project and therefore the financial coverage on which the research grant is based cease to exist.

Art. 9
The following legal dispositions shall apply to the grant referred to in this call for applications:
- for tax matters, the provisions of Article 4 of Italian Law no. 476 of 13 August 1984, as subsequently amended and supplemented;
- for social security matters, the provisions of Article 2(26) et seq. of Italian Law no. 335 of 8 August 1995, as subsequently amended and supplemented;
- for mandatory maternity leave, the provisions of the Italian Ministerial Decree of 12 July 2007;
- with regard to sick leave, the provisions of Article 1(786) of Italian Law no. 296 of 27 December 2006 and subsequent amendments.

During the period of mandatory maternity leave, the allowance paid by INPS according to Art. 5 of the Italian Ministerial Decree of 12 July 2007 is supplemented by the University up to the full amount of the research grant.

The grant will be paid in monthly instalments.

Art. 10
The data collected as part of the procedure referred to in Art. 5 are necessary to properly manage the selection procedure, for any subsequent management of the research grant and for purposes related to managing services provided by the University. The University of Udine is the Data Controller. At any time, the data subject may request access, rectification and, depending on the University's institutional purposes, cancellation and restriction of processing or oppose the processing of their data. The data subject can always lodge a complaint with the Italian Data Protection Authority. The complete disclosure is available on the University of Udine website in the "Privacy" section, accessible from the home page www.uniud.it Direct Link: https://www.uniud.it/it/it/pagine-speciali/guida/privacy

Art. 11
For all matters not expressly mentioned in this call for applications, refer to the regulations in force on the subject cited in the introduction and to the "Internal rules for awarding research grants pursuant to Italian Law no. 240 of 30 December 2010" of the University of Udine, issued by Rector's Decree no. 182 of 31 March 2021.

Art. 12
The procedure supervisor is Dr Sandra Salvador, Head of the Research Services Area of the University of Udine.
The Responsible office at the University of Udine is "Area Servizi per la Ricerca - Ufficio Formazione per la Ricerca", via Mantica n. 31 - 33100 Udine, Italia.

To request information about the call for applications, please complete the following form available on the University of Udine website:
https://helpdesk.uniud.it/SubmitSR.jsp?type=req&accountId=universityofudine&populateSR_id=42105

Testo in italiano:

I meccanismi della stampa antica: la carta, il torchio, gli esemplari.

Text in English:

The workings of early printing: paper, press, and copies.

Obiettivi previsti e risultati attesi del programma di ricerca in cui si colloca l’attività dell’assegno di ricerca / Foreseen objectives and results of the research programme performed by the research fellow “assegno di ricerca”:

I bandi sono consultabili dal sito dell’Ateneo, del MUR e di Euraxess / The calls are available on the University, MUR and Euraxess websites

Testo in italiano:

L’attività di ricerca prevede un’indagine a duplice binario sugli incunaboli e sulle edizioni del primo Cinquecento prodotti nell’Italia centro-settentrionale conservati in biblioteche italiane ed estere. Nell’ambito della ricerca l’assegnista sarà incoraggiato a far domanda anche per borse di ricerca proposte da biblioteche europee ed americane, con lo scopo di verificare esemplari meno conosciuti e copie uniche di edizioni italiane rinascimentali conservate altrove, nonché di familiarizzarsi con le grandi biblioteche di ricerca estere che offrono occasioni importanti di ricerca e di lavoro. Per quanto riguarda lo studio dell’edizione, la ricerca studierà libro in mano le caratteristiche della stampa sul torchio manuale, in particolare l’impiego del modello ad un colpo nelle edizioni pubblicate fino alla fine degli anni ’70 del Quattrocento, con lo scopo di individuare il momento di transito alla nuova tecnologia rappresentata dal torchio a due colpi. L’assegnista documenterà i tratti delle edizioni prese in mano che consentono il riconoscimento della distinzione tecnologica, come i fori collocati negli angoli delle carte (oppure la loro assenza), i segni della composizione seriatim oppure per forme, la differenza fra l’impressione e la controimpressione delle carte in copie particolari, la divisione dell’impressione fra più torchi, il movimento del titolo corrente (ove presente) oppure la ricomparsa di singoli caratteri idiosincratici, ed altre caratteristiche, incluse anomalie che rivelano gli ostacoli tecnici affrontati dai primi stampatori. Un obiettivo della ricerca sarà la pubblicazione di articolo o di una monografia, in collaborazione con il responsabile scientifico del progetto, che illustrerà in dettaglio questa importante transizione tecnologica. In qualche caso saranno intraprese collazioni di più esemplari appartenenti alla stessa edizione, ove siano disponibili in copia digitale, utilizzando un collazionatore McLeod in dotazione presso il Dipartimento, con lo scopo di individuare varianti introdotte in corso di stampa e fogli composti più di una volta, con un occhio di riguardo per alcune fra le prime edizioni aldine. Simultaneamente verrà studiata la carta dell’edizione, con l’obiettivo di definire la grandezza originale del foglio (cancelleresco, mediano, reale, ed imperiale) e di identificare, in base alle filigrane e ad altre
caratteristiche fisiche, l’area di produzione, per es. Fabriano o Lago di Garda. Nello svolgimento del lavoro l’assegnista si confronterà scrupolosamente con i dati disponibili nei principali repertori, in particolare il Gesamtkatalog der Wiegendrucke (GW) e l’Incunabula Short Title Catalogue (ISTC) per gli incunaboli e l’Edizioni italiane del XVI secolo (Edit16) per le cinquecentine, segnalando correzioni e proposte di modifica alle relative redazioni, inclusi esemplari non ancora registrati (oppure la cancellazione di esemplari erroneamente registrati). Si prevede, una volta che si sarà accumulata una massa critica di dati, l’immissione dei dati relativi alla dimensione dei fogli nell’ISTC. Queste ricerche si affiancheranno alle indagini condotte dal responsabile scientifico del progetto, insieme alla prof. Cristina Dondi (Università di Oxford), per l’edizione del Zornale di Francesco de Madiis, che registra le vendite in una bottega libraria a Venezia dal 1484 al 1488. Oltre allo studio delle edizioni, l’assegnista raccoglierà dati sugli esemplari, con lo scopo di inserirli nella base-dati Material Evidence in Incunabula (MEI), diretta dalla prof.ssa Dondi, e collaborerà anche con il gruppo di ricerca Sammelband15-16, coordinato dal prof. Malcolm Walsby, che indaga sulla miscellanee come forma libraria spesso trascurata nella redazione di bibliografie e cataloghi. In particolare, avrà l’opportunità di organizzare un incontro del gruppo di ricerca ad Udine, oppure in un’altra città del Friuli Venezia Giulia, fra il 2024 e il 2025.

Text in English:

The research project involves two different aspects of incunabula and early sixteenth-century editions in libraries in Italy and abroad. While involved in the project, the researcher will be encouraged to apply for grants and fellowships offered by libraries in Europe and in America, in order to view less well-known copies and unique copies of Italian Renaissance editions held elsewhere, as well as to acquire familiarity with the great foreign research libraries that offer important opportunities for research and for an eventual career. In the study of the editions, the research will examine book-in-hand the physical characteristics consequent to the hand-press, in particular the use of a one-pull press in use up to the end of the 1470s, so as to identify the moment of the transition to the technical novelty represented by the new two-pull press. The researcher will document the features of the editions examined at first hand that make it possible to recognize the distinction between the two typologies of press, such as the pinholes in the corner of the leaf (or their absence), the signs of composition seriatim or by formes, the difference between the impression and the counter-impression in the leaves of certain copies, the division of the edition between more than one press, the movement of the running title (where present) or the reappearance of distinctive type sorts, and other characteristics, including anomalies that reveal the technical obstacles faced by early printers. One objective will be the publication, in collaboration with the principal investigator, of an article or a monograph that will illustrate and document this important technological innovation. In some instances, the collation of multiple copies of the same edition, when available in digital reproduction, will be undertaken with a McLeod collator available in the Department in order to discover press-run variants and reset sheets, with a particular attention for early Aldine editions. The project will also study the paper of the editions, with the aim of establishing the original sheet-size (Chancery, Median, Royal or Imperial) and identifying, on the basis of the watermarks and other physical features of the mould, the area of production, i.e., Fabriano or Lake Garda. While conducting this work, the researcher will regularly verify the information available in the principal repertories, in particular the Gesamtkatalog der Wiegendrucke (GW) and the l’Incunabula Short Title Catalogue (ISTC) for fifteenth-century editions and the Edizioni italiane del XVI secolo (Edit16) for their sixteenth-century counterparts, communicating corrections and improvements to the editors of the same, including copies not yet recorded (or the cancellation of copies erroneously recorded). It is planned that, once an adequate critical mass of data has been accumulated, the information relating to the sheet-sizes will be entered into the ISTC. This research will be conducted in parallel with the work being done by the principal investigator, together with prof. Cristina Dondi (University of Oxford), on the edition of the Zornale di Francesco de Madiis, which records the sales in a Venetian bookshop from 1484 to 1488. As well as the study of the books as editions, the researcher will also collect information about the copies, with the aim of adding them to the database Material Evidence in Incunabula (MEI), directed by prof. Dondi, and will also collaborate with the research group Sammelband15-16, coordinated by prof. Malcolm Walsby, which is conducting research on the
miscellany as a book form often ignored in bibliographies and catalogues. In particular, there will be the opportunity to organise a meeting of the research group in Udine or elsewhere in Friuli Venezia Giulia in 2024 or 2025.

Struttura dell’Università di Udine presso la quale verrà sviluppata l'attività di ricerca / Department or other structure of the University of Udine where research activities will be carried out:

Dipartimento di studi umanistici e del patrimonio culturale (DIUM) / Department of humanities and cultural heritage

Importo dell’assegno di ricerca (al lordo oneri carico assegnista) / Total grant gross for the research fellowship:

€ 19,367,00

Durata dell’assegno di ricerca / Duration of the research fellowship “assegno di ricerca”:

12 mesi / months

Finanziamento / Financed by:

Requisiti di ammissione / Minimum qualifications necessary:

- Possesso di un diploma di laurea vecchio ordinamento (ante decreto 3 novembre 1999 n. 509) o di laurea specialistica/magistrale (ex decreto 3 novembre 1999 n. 509 e decreto 22 ottobre 2004 n. 270) o titolo equivalente conseguito all’estero;
- possesso di un curriculum scientifico professionale idoneo allo svolgimento dell’attività di ricerca contemplata.
- University degree obtained before Decree n. 509 of 3 November 1999 or specialist/Master’s degree (post decree n. 509 of 3 November 1999 and decree n. 270 of 22 October 2004) or equivalent degree obtained abroad;
- professional scientific curriculum suitable for the research activity above mentioned.

Procedura selettiva / Competition procedure:

Valutazione per soli titoli / Assessment of qualifications only
